

HAIKU

SENSEME™ TECHNOLOGY

Tech that adjusts to your preference and assists in your enjoyment.

DITCH THE SWITCH

Built-in sensors turn your fans and lights on when you enter a room and off when you leave.

USE YOUR (FAN'S) BRAIN

SenseME™ automatically adjusts your fan's speed to lower heating and cooling costs.

FEEL THE BREEZE

Whooose® Mode varies the fan's speed to simulate a natural breeze.

SET IT & FORGET IT

Schedule your Big Ass fans to operate when - and how - you want.

GET THE SLEEP YOU NEED

Sleep mode lets you choose your ideal temperature of fan speed for the perfect snooze.

STAY IN TOUCH

Set preferences and adjust operation using our mobile app.

OPEN UP TO THE NEW POSSIBILITIES

SenseME™ Technology is the built-in intelligence that allows Haiku to respond to the environment automatically, keeping you comfortable and saving energy year-round.
